To Whom It May Concern:

Re: Maloney Contractors Ltd

This letter is in regard to the firm of Maloney Contractors Ltd. We have had the honor of working with this firm on the construction of our 25 unit residential housing development in Dawson Creek, BC. We are extremely satisfied with all of the work performed and the professionalism of this firm and their staff.

Maloney Contractors are the prime contractors and are responsible for ensuring that the development targeted a LEED Gold designation. The entire development team feels that we will achieve this target. Maloney Contractors have ensured that the required project changes, request for information and any other issues were handled quickly and efficiently.

From the onset of the project they have stayed ahead of schedule and strive to deliver quality workmanship and organization. Throughout the entire project any issue or concerns were handled promptly ensuring satisfaction to ourselves.

We would definitely choose this firm again if we ever have an opportunity to develop additional housing units. We highly recommend Maloney Contractors Ltd; as they deliver a high quality of workmanship, organization and knowledge undoubtedly first class. It has been a pleasure to work with this firm.

Our building is clearly the finest building in Dawson Creek and this is evident just by the eye. The concept, design and high quality of workmanship is representative of the Aboriginal Culture which is what we were trying to achieve.

If you require additional information please do not hesitate to contact me at your convenience.

Sincerely,

Sheila Hanshaw  
Project and Program Coordinator
