To Whom It May Concern:

Maloney Construction (formerly Tarad Industries) undertook the construction of S. Bruce Smith School for Edmonton Public Schools in 1991, and completed the project successfully. Throughout the construction process, they conducted themselves in a professional and co-operative manner and provided Edmonton Public Schools with a building that the staff, students and community can have pride in.

Yours truly,

Eric Lumley
B.ARCH, (hons.), R.I.B.A., A.R.I.A.S.
Director, Design Construction
