To Whom It May Concern:

RE: Dr. Knox Replacement School, Kelowna, British Columbia

Maloney Contractors Ltd. recently completed the construction of the Dr. Knox Replacement School for School District #23. We are extremely pleased with the final product. The team at Maloney Contractors was able to quickly resolve any obstacles that came up during the course of construction through their positive and professional work attitude. The project finished on schedule and on budget and as a result, we now have an excellent educational facility of which we are all proud.

School District No. 23 (Central Okanagan) would look forward to working with Maloney Contractors again. We have no hesitation in recommending them as an organization that uses their outstanding organizational skills, superior knowledge, and partnering abilities to build both high quality construction projects and long lasting relationships.

Yours truly,

Alan Cumbers  
Director of Operations
